

**Plasmid name:**CS-hp53-shRNA-CG

**Plasmid size:**9648 bp

**Constructed by:**Hiroyuki Miyoshi, Sumie Togayachi

**Construction date:**

**Comment&Reference:**cPPT: central polypurine tract, CTS: central termination sequence, PRE: woodchuck hepatitis virus posttranscriptional regulatory element, H1: Human H1 promoter, hp53-shRNA: human p53 shRNA sequence.
